

# Looking for Fire Rated Filing Cabinets for valuable documents?

The Multifile Fire Resistant Filing Cabinets in Sizes 2, 3 and 4 Drawer are the storage solution you've been looking for.

## Specifications

Fire rating- UL 2Hour Standard 72 Class 350. UL Rates among the world's top independent testing agencies, to find out more about UL, please visit it's website [www.ul.com](http://www.ul.com)

## Fire Endurance Test

The duration of the fire exposure for the test is 2 hours, and the purpose is to ensure that the cabinet has been designed to limit the internal temperature to no higher than 177C after 2-hour exposure to a severe fire. At no time during the test does the UL-Test requirement permit the temperature inside the cabinet to exceed the maximum temperature allowed for protection on paper documents, nor is excessive internal humidity allowed in order to pass the test.

## Explosion Test

The explosion test involves inserting the sample cabinet into a furnace which is pre-heated to 1090C and subjecting it to a 30 minute fire exposure at this temperature, The cabinet must not explode or deform in order to pass the test. To find out more about UL and it's testing please go to [www.ul.com](http://www.ul.com)

## Sturdy Construction

Each drawer front has an overall thickness of 90mm insulated with proven fire-resistant composite material. The proofing ingredients used are asbestos free, providing a barrier mix that is lasting, stable and well aerated. Each drawer is fitted using ball bearing slide rails for light smooth and lasting operation, without the need for Lubrication, all drawers (Except top drawer) is also fitted with a a spring day catch bolt, for optional individual control, this means you can allocate one drawer to be open with the rest locked.

## Dual Locking options

All cabinets come with an electronic keypad and digital lock with a push cylinder key lock, which operates from the top drawer and controls each other drawer. The key lock comes standard with 2 keys.

## Isolating Drawer Catch

For Individual Control, this means you can allocate 1 drawer to be opened while the others are locked. A great feature when you want to restrict access to confidential files in the other drawer.

Classified UL 72 Class 350  
Fire Rating – 2 Hour

## MF-2 Drawer

Outer Dimensions 845mm (H) x 551mm (W) x 750mm (D)  
Drawer " 294mm (H) x 388mm (W) x 562mm (D)  
Weight = 224kgs

## MF-3 Drawer

Outer Dimensions 1210mm (H) x 551mm (W) x 824mm (D)  
Drawer " 294mm (H) x 388mm (W) x 562mm (D)  
Weight = 306kgs

## MF-4 Drawer

Outer Dimensions 1580mm (H) x 551mm (W) x 824mm (D)  
Drawer " 294mm (H) x 388mm (W) x 640mm (D)  
Weight = 424kgs
